

WOW! The response to **scarf-a-month** has been incredible. We have twenty knitters from all over the country working on the January and February scarves. If you signed up and are ready for your February Miss Priss package, please visit the website or call the store to make arrangements. We're frantically working on getting a sample of every scarf for our wall and our website. If you haven't seen the "wall," I've included a photo here. From left to right is October's Holding Hands with Punta Merisoft; March's Basic Entrelac with Noro Yuzen; June's Branching Out with Elsebeth Lavold Silky Wool; May's Versatile Scarf with Schaefer Laurel; December's Easy Drop Stitch with Handmaiden Camelspin (sample in Fleece Artist); February's Drop It and Love It with Schaefer Miss Priss; August's Striped Scarf with Noro Silk Garden (remaining two balance out the ladder awaiting January, April, July, September, and November – although I think Sandy is done with November's Irish Hiking in Debbie Bliss Luxury Tweed).

If you haven't signed up for scarf-a-month and would like to join us, it's not too late. You can do a 6-month membership or 12-month ... and just knit a little faster to catch up!

We've got class...

As promised, here's our **February** schedule of classes.

Learn to Knit

Saturday February 20 & 27; 1-3pm

We'll cover casting on, knit and purl stitches, ribbing, increases, decreases, and binding off. For new knitters, or those who just need a refresher. 2 sessions.

Advanced Beginner

Sunday, February 21 & 28; 2-4pm

We'll cover basic cable, yarn overs, picking up dropped stitches, and increases and decreases.

Don't get cold feet! Learn to knit socks

Saturday, February 13 & 20; 10:30 am to Noon

You'll learn how to cast on to double pointed needles, turn a heel, and graft the toes closed.

Hat Knitting Class

Saturday, February 20 or March 6; 4-5:30p,

Hats, any yarn, any gauge, any head! Try it on as you knit, you can adjust the fit, and you'll never run out of yarn.

Felted Wool Slippers

Monday, February 22, March 1 & 8

Felted wool slippers are knitted, then felted in your washing machine. Soft and thick, they'll keep your feet warm and cozy, and they make great gifts.

Come see our great selection of new yarns and our growing pile of helmet liners. Thanks to our many knitters, we are amassing another quantity that will be turned over to the marines as requested by a "marine mom."

Happy knitting, crocheting, spinning... stay warm!

Kathleen
